

P.I.N.E.S Executive Board met on Thursday November 1, 2007, 7:00pm

Members Present:

Vice President Paul Kisel

Treasurers Diane Yegelski and Peggy Richardson

Secretary Larry Silvestri

Helen Molinaro,

Nancy Kolasa

Discussed web site progress. Diane Britton had pneumonia, so she was off sick. She has not come up with a price yet. According to Bud Prast, her firewall blocks jpg files, so she will need any digital photos on CD. According to a TAP document, \$1,500 is allocated for that purpose. Larry will follow-up on that.

The latest Request for Distribution was mailed and e-mailed today. This bill was for GEO-HYDRO services from September 1 to September 30. After this invoice \$33866.33 has been paid, and \$16,133.67 will be left of the \$50,000 TAP.

Diane asked if anyone knew about the digging along Ardendale, north of US-20. There is a big pipe there. Nobody knew anything about it.

We will begin to do more water testing. We expect to get samples in January. Need to send out letters soon. Diane has a check toward the water testing. Peggy will ask if it how we should handle that money.

Meeting adjourned at 750pm.
